A true passion for teaching

I fell in love with alcohol inks 10 years ago and have been creating with them ever since. Over the last eight years, I've taught more than 600 live workshops. I love sharing this amazing medium with others via in-person and online events that are lively, educational, encouraging, fun, and perfect for any skill level.

It's been a pleasure to teach at venues in South East and South Central Wisconsin, including:

- Museum of Wisconsin Art in West Bend
- Olbrich Botanical Gardens in Madison
- Soul Fire Art Studio in Delafield
- The Weathered Shed in West Allis
- River Arts Gallery in Prairie du Sac
- Random Arts Collective in Random Lake
- Cedar Valley Retreat Center in Cedarburg

Abstract Florals

Create three 5x7 abstract florals with alcohol ink that will each be matted to 8x10.

Snow Cap Blooms

Create two 5x7 paintings of flowers with beautiful, translucent white petals against an organic alcohol ink background. We'll use Snow Cap mixative and canned air to create these florals.

Florals on Black

Create three 5x7 abstract florals with alcohol ink. We'll use mixatives and pearls to make the colors POP against the dark background.

Bouquet with Paint Pens

Learn techniques to create a vase, various florals and foliage. Then we'll enhance our paintings with acrylic paint pens. Painting will be matted to 12x12.

Abstract Landscapes

Create three different landscapes - each with different tools and techniques that showcase the beauty of alcohol inks.

Landscapes with Metallic Accents

No paintbrushes used in this workshop! And the additional of metallic ink and mixatives gives these landscapes a magical look.

“Frosty Birches”

This painting is created using a very unusual process. No drawing or painting skills required! You make it your own with the colors you choose!

Doodling on Alcohol Ink

We work on a translucent paper using alcohol inks and then black acrylic paint pens to enhance the design.

Relationships are Key

The relationships I have with the workshop participants, as well as the contacts at the venues I teach, are key to my success and happiness as an instructor. I think my strong work ethic, preparation and enthusiasm help the programs to run smoothly and for everyone to enjoy themselves and leave feeling proud of what they created.

Here are some very kind words from the Education Registrar at Olbrich Botanical Gardens in Madison, WI, where I've taught since 2018:

"Beth Kluth leads art workshops at Olbrich Botanical Gardens as an independent contract instructor, and her classes continue to be some of our most popular, reaching maximum enrollment and bringing returning class participants! Even when offering workshops twice per month (much more frequent than most of our other workshops), they continue to fill and bring both new and returning registrants. Beth is a pleasure to work with due to her prompt communication, self-sufficiency, flexibility, and reasonable instructor fees. She brings enthusiasm and creativity to the classroom, inspiring class survey quotes such as the following:

- This was my first class at Olbrich, and I had a great time. Beth was an engaging instructor., she was positive and clearly enjoyed teaching. I will definitely be back.
- Loved it when Beth told us to "LET IT GO" if we made a mistake. All the more "PERFECT" she said. Loved this instructor with this class. We will definitely come again. I would love to bring my 2 daughters next time. So, please, have her come again!
- This class was fun, creative and went too quickly!
- Great class! Thank you Beth. I will be signing up for more Alcohol Ink classes at Olbrich in the future.
- Class flow, materials and content were excellent! I am so grateful to have had the opportunity to attend this class! The bloom and flow of the ink was inspiring and so forgiving!
